To Our Valued Customers,

Although we have tried our best to keep prices low, inflation has increased the cost of materials and labor. After careful review of our product lines, we have found a way to minimize the price increase while still providing the best possible materials to increase the quality of our products and services. We are reaching out to advise you that there will be an increase of 5% on all cabinets.

All orders placed before July 15th will be honored at the current price and invoiced as such, we encourage you to order soon and take advantage of this. Any order placed after 4:30pm EST on July 14th, 2023, will reflect the increase.

Fire-End & Croker is committed to providing you with the highest quality products and service in the industry. We sincerely value your business and thank you for putting your trust in us. Please feel free to contact us with any questions or concerns.

Regards,
