2 Dec 2022

Subject: Price Increase

To: Kennedy Valve Fire Protection Products Distribution Team

I'm writing to inform you of a price increase for all products. Discounted items will be adjusted by decreasing discount by 4.5 points. Net priced items on average will increase 7%.

The price increase effective date is for all orders placed after the close of business on 20 Jan 2023.

In the coming weeks we will be issuing you a new discount sheet and updated spreadsheets.

Thank you for your continued support of Kennedy Valve.

Best regards,

Barry V. O'Brien
