Re: Pricing Revision Effective April 1<sup>st</sup> 2022

Dear Steve:

United Brass Works Inc. will be issuing new List price sheets covering all items in our product line with an effective date of April 1<sup>st</sup> 2022. This increase will average 5% across our product line with the exception of carbon steel boiler blow down valves, steam traps and our new ASME flat panel boiler sight glasses and valve sets. These items will remain unchanged. We extend Ferguson Fire 60 days advance notification on any price changes so the effective date of this increase will be April 15<sup>th</sup> 2022. New List price sheets will be available on our website at [www.ubw.com](http://www.ubw.com) shortly.

All orders that are placed and scheduled to ship on or before 4/15/22 will be invoiced at current prices. Any items that may be on backorder as of 4/15/22 will also be invoiced at current prices.

Thank you,

Jim Sattler  
General Sales Manager  
United Brass Works Inc.
