

March 2, 2021

To Our Valued Customer:

Victaulic works diligently to control operational expenses through the implementation of various cost containment strategies and lean initiatives. Unfortunately, these actions alone cannot address the increase in overall cumulative costs. As a result, we find it necessary to increase prices for most of our products by 6%. This increase is effective on all orders received after the close of business on Thursday, April 1, 2021.

The updated price list will be available in Excel format on March 2, 2021 on the Victaulic website and .pdf format on the Victaulic website on or before Friday, April 2, 2021. To access these, please visit victaulic.com and click on the "Price Lists" link under the "Resources" tab. Printed versions of the price lists will no longer be available.

Disclaimer: Pricing data published in Excel format prior to the effective date is subject to change until final versions are published to the website on or before April 2, 2021.

Thank you for your continued support. At Victaulic, we continue to work hard to provide the highest quality, most reliable grooved piping system solutions to serve your business needs.

Your local Victaulic sales representative can answer any additional questions you may have regarding this information.

Sincerely,

A handwritten signature in cursive script that reads "Gary Moore".
