To: Our Zurn Partners

From: Richard Bledsoe

Subject: Zurn Industries' Commercial Price Adjustments - **US Market Only**

Like most global manufacturers and suppliers, Zurn continues to experience intense inflationary pressures due to rising costs of raw materials, port backups, constraints with ocean freight lanes, labor shortages and transportation. Regrettably, we must pass a portion of these inflationary pressures along to the market so that we can remain committed to providing the most innovative and lean building water solutions, that deliver the most reliable performance and long-term value for our customers. Therefore, Zurn Industries, LLC, is announcing a price increase that will take effect **April 1, 2022**.

Effective **April 1, 2022**, the following price increases will be effective:

- Commercial Brass Fixtures* 10%
- Flo-Thru 5%
- Green Turtle 5%
- Light Commercial 5%
- Pex Fittings 8%
- Pex Pipe 4%
- Specification Drainage 5%
- Stainless Drains 5%
- Wilkins 7%

*Also, effective immediately Zurn will strictly enforce our ZurnOne/Fixture 1-for-1 policy; we will not be accepting fixture only orders.

With regards to price protected orders, all price protected orders must be entered AND released for shipment by April 1, 2022. Any projects awarded or orders entered on or after April 1, 2022, will reflect new pricing. New pricing will be distributed in March.

Please feel free to contact your Zurn Sales Representative or Area Sales Manager with any questions.

We realize that this may be unpopular news and will work with you as closely as needed to ease the burden of these price escalations. Thank you, we appreciate your continued support of Zurn Industries, LLC.

Sincerely,
